

## Partner, Business, Stakeholder Update Sunday 13th Oct 2019

### Extinction Rebellion — 2 Weeks of Action 6th Oct 2019 to 20th Oct 2019

Current overview: (Subject to change or variation)

#### Update 18:30hrs

- ◆ Following a day of rest by XR protestors we are expecting a significant increase in activity tomorrow.
- ◆ **XR have indicated a desire to move their protests to the City of London and Canary Wharf.**
- ◆ Intelligence suggests that financial institutions, businesses engaged in food production and petrochemical industries may attract the attention of the XR protestors.
- ◆ We would suggest all companies to review their security arrangements and report to police any suspicious activity.
- ◆ There is a significant policing operation in place and officers will be deployed to these key locations.
- ◆ Please note these protests whilst unlawful have been peaceful and do not represent a risk to staff working within the premises.
- ◆ The tactics so far used by XR protestors have involved 'lock-ons', 'glue-ons' and passive resistance. Their protest have become increasingly sporadic in nature and vary in numbers and duration.
- ◆ When protesting at office buildings they will attempt to protest at the entrances and exits to the buildings.
- ◆ We will tweet updates throughout the day on [@MetPoliceEvents](#).
